Chester County Environmental and
Energy Advisory Board

Hybrid Meeting – GSC Suite 351W/Zoom
Government Services Center
July 26, 2023

AGENDA

2:30 p.m. 1. CALL TO ORDER

A. Welcome

Jess Cadorette, Chair

2:35 p.m. 2. ACTION ITEM

A. Adoption of April 26, 2023 Minutes

Jess Cadorette, Chair

2:45 p.m. 3. DISCUSSION ITEMS

A. EEAB Subcommittee Reports

1) Environmental Subcommittee

2) Clean Energy Subcommittee

i. Update on Solar Adopters Conference

Jess Cadorette

Jim Wylie, Subcommittee Chair

B. Environmental Justice in Chester County

Jess Cadorette

C. Solar Ordinance Inventory and outreach

Rachael Griffith

D. 2024 CCPC Work Program

Rachael Griffith

E. Sustainability Summit Program

Rachael Griffith

3:25 p.m. 4. UPDATES AND COMMENTS

A. Facilities Director’s Report

Jan Bowers

B. Planning Commission Director’s Report

Brian O’Leary

C. Sustainability Director’s Report

Rachael Griffith

D. Other Updates

Board Members

E. Public Comment

4:00 p.m. 5. ADJOURNMENT

Next quarterly meeting – October 25, 2023

Environmental and Energy Advisory Board
Government Services Center Suite 351W/Zoom

July 26, 2023
Hybrid meeting

MINUTES

MEMBERS PRESENT IN PERSON: Jan Bowers; Seung Ah Byun; Ann Hutchinson; Steve Krug; Warren W. (Bill) Messerschmidt; Brian O'Leary, Secretary; Steve Krug; Sarah Sharp; Wyatt Williams.

MEMBERS PRESENT VIA ZOOM: Jess Cadorette, Chair; David Busch; Mark Connolly; Carol DeWolf; Karena DiLeo; Rachel Roberts; Dave Stauffer; Chris Strohmaier; Dave Stauffer; Kevin Warren; Jim Wylie.

OTHERS PRESENT IN PERSON: Rachael Griffith, Gene Huller; Kate Hutelmyer, Emily Kaplan; Carol Stauffer; Sally Warren.

OTHERS PRESENT VIA ZOOM: Ben Hertzog; Edwin Lieb; Ellen Gay; Jim Lauckner; John McHugh; Richard Whiteford; Sharon Yates.

CALL TO ORDER:

The Environmental and Energy Advisory Board meeting, held in the Government Services Center Suite 351W and via Zoom video/audio on Wednesday, July 26, 2023, was called to order at 2:30 P.M. by Chair Jess Cadorette.

ACTION ITEMS:

Approval of April 26, 2023 Minutes:

A MOTION TO APPROVE THE MINUTES FROM THE APRIL 26, 2023 MEETING WAS MADE BY MR. WYLIE, SECONDED BY MS. HUTCHINSON, AND PASSED BY UNANIMOUS VOTE OF THE BOARD. MOTION CARRIED.

DISCUSSION ITEMS:

Subcommittee Reports.

Environmental Subcommittee

Ms. Cadorette explained that this subcommittee is lacking a chair. Ms. Byun offered to take on the Chair position for the Environmental Subcommittee.

Steve Krug reported there are now 155 acres of wildflower meadows at three Chester County parks, in the effort to convert lawns to meadows. Ms. Roberts asked if this regular EEAB board meeting could have more round robin updates from board members. Mr. O'Leary suggested there could be time offered for partner updates on a rotating basis each quarter.

Clean Energy Subcommittee:

Mr. Wylie reported this committee is working on developing a Solar Adopters Conference to be held in November 2023, targeted for big energy users. Programming, participant & vendor outreach, and logistical help is needed to plan this event. PECO is a potential partner, and a PECO “Net Zero 2050” video was shown. The Board discussed how to use the municipal solar ordinance inventory and outreach to help large energy users deal with a potential barrier to solar adoption if they are located in one of the municipalities with a more strict solar ordinance. Mr. Connolly pointed out that ground mount solar systems present more issues with municipal ordinance resistance than rooftop systems.

The Clean Energy Subcommittee meets the 3rd Wednesday at 4 pm. Any board member is welcome to attend.

Environmental Justice (EJ) in Chester County

Ms. Cadorette pointed out studies have shown that low income and communities of color disproportionately face the burdens of environmental injustices, and the board should address this in its recommendations. Ms. Roberts noted that the Delaware Nature (formerly Delaware Nature Society) has put water quality and PFAS issue front and center for environmental justice (EJ) and has a water testing program. The Board discussed existing maps showing environmental justice communities. Mr. O’Leary noted that the county uses the Delaware Valley Regional Planning Commission’s (DVRPC) Indicators of Potential Disadvantage map, as it is a broader view since EJ communities in the county are mostly spread out, not concentrated.

Discussion on how municipalities in disadvantaged communities have a harder time finding grant match sources. Ms. Sharp shared that the Brandywine Conservancy has convened a group with Spanish-speaking community service organizations to gather insights for the Conservancy’s environmental work. Board members asked about the County’s existing infrastructure to conduct outreach to underrepresented communities.

Solar Ordinance Inventory and Outreach

Ms. Griffith reported that CCPC completed an inventory of municipal solar ordinances. This inventory will support the county’s SolSmart designation application. Outreach will be conducted to municipalities to share best practices. Board members discussed whether ordinances restrict the clearing of trees for ground-mounted solar arrays and how that conflicts with protecting natural resources and open space.

2024 CCPC Work Program

The CCPC Work Program will be finalized in December 2023. Discussion on whether CCPC should provide tree recommendations for municipalities that consider new and foreseeable vulnerabilities (Ash Trees, climate change, etc.).

Sustainability Summit Program

A Sustainability Summit, promoting the county’s Climate Action Plan, is being planned for Tuesday, September 26, 2023, from 8:30 am to 1:30 pm at the Penn State Great Valley Conference Center in Malvern, PA. Three break-out sessions are planned and either a keynote speaker or a lecture on funding. Lunch will be served at the end. Discussion of promotion strategies. Board members are encouraged to submit tour ideas for the week prior to the summit and to help promote the event.

UPDATES AND COMMENTS:

Facilities Director’s Report

Ms. Bowers gave an update on the Southeast PA Regional Power Purchase Agreement (RPPA). The Department is managing a grant-funded project to install EV chargers at county facilities, and decisions are still being made on locations of EV chargers. Ms. Bowers reported this is her last meeting as she is retiring.

Planning Commission Director's Report

Mr. O'Leary reported that the county is changing the way it handles board reappointments. For all Authorities, Boards and Commissions' terms expiring in September 2023 and thereafter, the positions will be advertised on the county's social media channels and applications will be accepted here: <https://www.chesco.org/3093/Authorities-Boards-and-Commissions> . All current board members whose terms are expiring at the end of 2023 and who are interested in reappointment will need to submit an application.

Sustainability Director's Report

Ms. Griffith introduced Emily Kaplan, a summer intern in CCPC's Sustainability Division. She requested the Board submit any ideas for content for the upcoming Sustainability E-Newsletter.

She reported WeConservePA's Environmental Advisory Council (EAC) Network Fall Gathering will take place at West Chester University on Saturday, October 21, 2023, and that she and Mr. Wylie have both been serving on the event's planning committee. Ms. Griffith noted a recent municipal grant through CCPC's VPP program to develop a Clean Energy Transition Plan which Paul Spiegel served as consultant.

Board Updates

Ms. Roberts mentioned the Mushroom Industry is working with William Lorenz, ChE, Sustainable Engineering Director at Villanova University's College of Engineering to assess their industry's lifecycle sustainability measures. She highly recommends his expertise in sustainability.

Mr. Krug reported that the Fifth Edition of the Commonwealth of Pennsylvania's Climate Action Plan and Impact Assessment, will be released on August 22, 2023.

Ms. Byun reported that the Countywide Watershed Resources Plan, Watersheds 2045, will be released for public comment this September 2023 and the goal is to have adoption by December 2023.

Public Comments

Ellen Gay of Kennett Township, asked about getting a non-reusable plastic bag ban that is County-wide. Discussion of various resources and other actions related to plastic bag bans ensued.

The next quarterly meeting will be on October 25, 2023.

ADJOURNMENT

THERE BEING NO FURTHER BUSINESS, A MOTION TO ADJOURN AT 4:15 PM. WAS MADE BY MR. O'LEARY SECONDED BY MR. KRUG AND PASSED BY UNANIMOUS VOTE OF THE BOARD.

Respectfully submitted,

Brian N. O'Leary, AICP
Secretary
